Budhadev Das

As a fresh talent in the world of web development and design, I am hunger for knowledge to every project I work on. Through my studies and personal projects, I have gained a strong foundation in web technologies such as **HTML**, **CSS**, **JavaScript** and **React** as well as design principles such as **color theory**, **typography**, and **layout**. I am constantly seeking out new opportunities to grow my skills, With a passion for creating beautiful and functional digital experiences, I am excited to contribute to the dynamic and ever-evolving field of web development and design.
